- Aid to organic manure unit @ Rs. 20,000/- per unit.

- Control of sporadic incidence of pests and diseases by adopting integrated Pest Management Practices.

Further, Central Plantation Crops Research Institute (CPCRI), is conducting studies to enhance productivity of coconut and has released high yielding and superior varieties of coconut for commercial cultivation.

(d) Government of India has taken following steps to ensure good price of coconut:

(i) Government of India announced the Minimum Support Price for Milling Copra and Ball Copra and procured copra through National Agricultural Cooperative Marketing Federation of India Ltd. (NAFED), when price fell below Minimum Support Price;

(ii) The Coconut Development Board has encouraged market promotion activities for diversified coconut products to stablisc the trend in the price of coconut;

(iii) Productivity increase per tree and adoption of coconut based farming system are stressed in the State for sustainable income per unit area;

(iv) The Coconut Development Board encouraged diversification of coconut products and value-added products;

Attracting Youths Towards Agriculture

1378. SHRI NANA DESHMUKH: Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that China has beaten India in agriculture;

(b) whether it is also a fact that Indian youths are no longer interested in agriculture; and

(c) if so, what steps are being taken by Government to attract the youths towards agriculture, so that India can beat China in future?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHRIPAD YESSO NAIK): (a) A statement indicating area, production and yield of major crops in China *vis-a-vis* India is annexed. *(See* below)

(b) and (c) The Government of India is implementing various Central and Centrally sponsored Schemes to increase the production and productivity of agriculture and allied activities so as to make it more lucrative and attractive to farmers including Indian youth. Dissemination of latest technology and adoption of scientific agricultural practices is being promoted through agricultural research institutes including Krishi Vigyan Kendras so as to make agriculture intellectually more challenging and economically rewarding.

Statement

Details of area, production and yield of major crops in China vis-a-vis India
